Read With Me Volunteer Program:
PO Box 1016
Rancho Mirage, CA 92270

In 2004, Read With Me Volunteers (RWMV) was established in Southern California. Its mission is to help children from a low income, limited English speaking environment develop to their fullest potential by learning to read, comprehend, and speak English while understanding that people care about them as individuals. The program was awarded the Golden Bell Award for Language Acquisition by the California School Board Association for its contribution to the improvement in students' reading scores in the Coachella Valley.

Volunteer Qualifications

- Enjoys reading
 - Is fluent in English
 - Likes children and is willing to follow the teacher's directions
 - Is willing to commit 1 to 4 hours a week during the school year.
- While the minimum time commitment is only one day a week for at least 8 weeks during the period October through May, many volunteers are at their schools for the entire 8 months.

Before volunteering, a volunteer must complete the school district's volunteer application and a 40 minute online course on identifying child abuse and neglect. Volunteers decide what grade level they would like to work with and what day(s) of the week they are available. Volunteers are matched with teachers who need help at a specific time that is mutually agreeable. Teachers direct which materials are used, match volunteers with children, and then monitor their progress. There are many materials that are provided, including, for example, flashcards, word sheets, alphabet building blocks, books, and whiteboards. The child reads to the volunteer who helps with pronunciation and with comprehension by asking questions.

If you have been a teacher and/or helped to teach your own children or grandchildren how to read, you can dive right into working with the children. For those who would like more preparation, a group orientation is provided in November and again in January at each school. In addition, training videos are available.

Of the 16 elementary schools that the program serves in the Coachella Valley, four are in Indio – Jackson, Mountain Vista, Oliphant, and Van Buren.

Epsilon Sigma Omicron's mini library project Mickie Reed, indioclubwoman@gmail.com, 760-668-7018

← Turning This

← Into This

The Desert Sun kindly donated 3 newspaper machines to our club, so that we could make mini-libraries.

We have a plan to refurbish them, but there is some metal work, that we do not have the tools for, or the strength to do on our own. We need a handy person with some tools that can remove heavy screws, and sand metal.

Ultimately, we will have 3 lovely mini-libraries to serve our community, but until then, these ugly ducklings are messing up my patio. Please help! Call Mickie Reed at 760.668.7018 if you think you can assist. Thank you!
